

We acknowledge that every individual's journey is unique and therefore as part of Concepts of Truth International's Care Program we offer **MIC Night (M.y I.nner C.onnection)**. This is a safe connection night on a confidential conference call line where all callers have an opportunity to remain anonymous.

**For those who are waiting to begin their recovery program, Transitional MIC Night** is available for you to be inspired to further your journey during the interim time between calling and reaching a local recovery resource. ***MIC Night is not a substitute nor is it intended to take the place of professional counseling or an abortion recovery program.***

**For those participants who have completed *Concepts of Recovery The Journey* and helpline callers who have completed other abortion recovery programs, After Care MIC Night** is also available to give you continued support and encourage spiritual and personal growth. ***MIC Night is not a substitute nor is it intended to take the place of professional counseling.***

Our MIC nights are led by Amy Campbell, Care Facilitator, who is a trained group facilitator and also a post-abortive woman who has healed to a place to help others. Amy will be joined by another one of our volunteers or staff. Amy is compassionate, kind and willing to serve those in need of this service.
