December 19th is the holiday choir concert, this year there will be two shows. Lifetouch knows that their quality of pictures this year were not the best and they are trying to make it up to everyone.
- C. CAC- They just ask for feedback from conferences
- 6. Principal's Report- Map testing will take place in December and it's the mid-year check-in. The intruder drill was rescheduled due to the weather and will most likely take place by the end of this week. There will be a giving tree up in the office if anyone would like to take a tag off the tree. The school will be hiring another lunch aid. Now and through Thanksgiving the students have been doing a 7 days of gratitude activity. The kids seem to really enjoy it. The last week before winter break, it will be a Buddy Christmas. Teachers and students can participate and have a fun time gearing up for the Holidays.
- 7. Open Forum- The discussion about the Run, Fight, Hide drill continued with questions about what will the drill entail? Ms. Maldonado explained that depending on where the "intruder" is located in the building will decide what step each class will take. Some classes will barricade their classroom doors and hide, some will run to the designated spot that they are told to. The Yorkville police will be here to help assist in the drill. Another question asked was do the substitute teachers know the procedure if there ever was a real event and can the subs that visit ACES regularly have a day of training? Ms. Maldonado also informed the parents that the subs should know the procedure of the class they are subbing in because that classroom teacher is supposed to have it written in their plans that day. Lastly, it was asked if there is a way to get all the regular ACES subs in the building the day of the drill so that they can see and know what to do?
