

Helping Hand Cane

U.S. Patent No. 9,456,670

**Indoors or Out, Increase Safety,
Independence, and Confidence!**

**Enlarged detail
of the grabber.**

What is Unique About The Cane?

- The only all-in-one walking cane and grabber (user always has the grabber at hand).
- User can consistently avoid bending over to retrieve items (can help with alleviating falls related to dizziness).
- The grabber minimizes hand pressure needed to retrieve items.
- Adjustable, lightweight architecture.
- Endorsed by Rheumatologists, Orthopedists, and Neurologists.
