This class is designed for those who wish to be re-certified or seeking new certification in NPIP Pullorum-Typhoid blood testing.

This course is also available on-line for those seeking re-certification (www.inpoultry.com/bloodtesterrecertification).

Completion of a blood testing school is required every three (3) years to maintain NPIP certification. Registration, attendance, and successful completion of the test during school will ensure your certification for the next three years.

For additional school information or antigen supply questions please call us at (765) 494-8517 or send us an email at ispa@purdue.edu

Please feel free to make copies of the Registration Form to distribute as needed in your county or club.
