

Missional Planning Guide

Every Group has Two Types of Mission

Reactive Mission: We are a sent people and we are always on mission because we take Jesus and the hope of the Gospel wherever we are. All of us should do this, but it is more passive and waiting on opportunities to arrive.

Proactive Mission: As a group, we intentionally pick a people and willfully dedicate time, energy, and resources to reaching these people with the Gospel. This is an active approach to mission and we have a formalized plan of action.

Next Steps:

Pick a People: Both a Neighborhood and a Serve the City Partnership

Neighborhood: _____

STC Partnership: _____

Make a Plan: Create rhythms to be with and around the ‘people’ your group has chosen. Four types of rhythms to plan:

1. Eat -
2. Play -
3. Serve -
4. Party -

Using the 4 types of rhythms, plan out your group rhythms for the next month. How can you eat, play, serve, and party around your chosen people in hopes of cultivating real friendships?

--

Each month, evaluate and plan out your group rhythms for the next month.

Consistently Pray: Every week take time in your group to review the mission. Who are you building with? What is your plan? Pray for these people by name.
