

National MedTrans Network & IPA  
*"Transporting members to better health"*

[Website](#) [About Us](#) [Providers](#) [Members](#) [Payers](#) [News](#) [Contact](#)

To All,

Based upon the predicted severity of the blizzard named Juno, National MedTrans Network had originally planned to only move members for life sustaining medical appointments on Wednesday, January 28<sup>th</sup>. Since the storm's impact was not as severe in the New York City Five Boroughs and the counties north of the city, we are asking all providers to put forth their best efforts to cover all trips listed on their Wednesday's Driver Book which was sent out on Monday afternoon. The only known exception is for all CenterLight Day Health Care members. Their DHC programs have been canceled for tomorrow. All other scheduled transports should be covered as requested unless the member or facility tells us otherwise in the morning.

Thank you for all of your efforts to get the service back to full functionality following a challenging storm.

Sincerely,

National MedTrans Network
