

# Release of Student/Family Information And Photos

We want to ensure the privacy and safety of all students and families. While it is required that we collect certain information about our families, we will only share the information with others, outside of our staff, with your permission. As we participate in various school/community activities, we have opportunities to provide information and photos of students. Photos may appear in the local newspaper, school promotions, our website, the church website, social media, and/or school brochures or fliers. Only first names and possibly a last initial may appear with photos. Family information is often requested by parents to arrange play dates or birthday parties.
