2020 Clean Rivers, Clean Lake Conference Agenda

Wednesday, November 11
9:00 am - 11:30 am
Resilient Waterways and Watersheds

9:00 Introduction & Welcome
- Kristin Schonnecker, SWWT

9:25 Resilient Waterways: The Confluence of Access and Restoration

Habitat Restoration for Climate Resilience – Ozaauke County, WI
- Andrew Struck, Ozaauke County Planning and Parks Dept
- Banks, Bottoms, and Boat Launches
- Jared Wagner, PE, Ruckert & Mielke
- The Great Lakes Trail
- Melissa Scanlan, Center for Water Policy Director (Starting 2021)
- Atwater: Beyond the Beach*
  - Kate Malekewicz, Marek Landscape

10:20 5 minute Break

10:25 Resilient Watersheds: Financing and Planning Productive Pammerships

Performance Based Conservation
- Greg Olson, Sand County Fnd & Amber Thomas, Village of Grafton
- Mason Creek Watershed Protection Plan
- Thomas Slawski, PhD, SEWRF
- Building Watershed Resiliency w Water Quality Trading*
  - Ern Delawata, JD, RES LLC

11:05 11:05 Building Resiliency in Capacity: Knowledge and Competencies for Freshwater Stakeholders
- Linda Reid, JD, Water 365 LLC & Maria Hart, Nomad Planners LLC

11:30 Closing Remarks

Thursday, November 12
1:30 pm - 4:00 pm
Resilient Stormwater Infrastructure

1:30 Welcome

1:40 Resilient Stormwater Infrastructure: Strong Partnerships and Performance

- MMSD’s Fresh Coast Protection Partnership
- Ero Pilir, MMSD (Other members: TBA)
- Resilience in Stormwater Infrastructure
  - Jake Bunceher, PE, Advanced Drainage Systems, Inc.
  - Sensor Network Development After Impacts
    - Eric Robinson, In-Situ

2:30 Sweet Water Mini-Grant Presentation

- Introduction: Brent Brown, Jacobs Engineering
- Recognition Ceremony: Kristin Schonnecker, SWWT
- Awarded Speaker: Damian DeBuhr, Groundworks Milwaukee

2:55 Resilient Stormwater Infrastructure in the Great Lakes Region

5 Municipal Case Studies on Green Stormwater Infrastructure in the Right-of-Way
- Alexandra Novak, Alliance for the Great Lakes
- Chicago Resilient Corridors Project
  - Michelle Inouye, PLA, AECOM
- Innovative GI Beneath the Marquette Interchange
  - Anna Sunderland, PE, Strand Associates, Inc.
- Take a Drone Flight: The Honey Creek Headwaters Stream Restoration Project*
  - Ginny Plumeau, REM, & Daniel J. Schwartz, PE, Ruckert & Mielke

3:40 Closing Remarks

Friday, November 13
9:00 am - 11:30 am
Resiliency in Science and Policy

8:00 Welcome

8:20 Resilience and Research: Studies on Species, Pandemics, and Pollutant Plumes

- Biodiversity in the Age of Resilience
  - Gary Casper, PhD, Great Lakes Ecological Services, LLC
- Modeling the Impact of Rain-Driven Pollutant Plumes Along Nearshore Lake Michigan
  - Emily Koster, University of Wisconsin Milwaukee
- Wastewater Surveillance of COVID-19
  - Sandra McLellan, PhD, University of Wisconsin Milwaukee

10:05 10:10 Resilience and Policy: A Panel Discussion between Regional Experts

- Moderator: Cheryl Kenn, Milwaukee Riverkeeper
- Panelists: David Strifling, LLM, JD, Marquette University Law School
- Paul Garbler, City of Madison
- Todd Brennan, Alliance for the Great Lakes

10:50 Water Course Correction*, Nathan Guerriero, AECOM

10:55 Water Equity Task Force Presentation

- Joe Fitzgerald, Milwaukee Water Commons
- Lisa Sasso, MMSD
- Michael Adams, Milwaukee Jobs Work

11:15 11:15 Watershed Champion: Lifetime Achievement Award & Closing Remarks

11:30
