Coutrá Music Group, Inc. Distribution

Team Owner

E2 Northeast Motorsports, Inc.

Melissa Harville-Lebron is the first African American woman to solely own a Camping World Truck Series and a developmental racing team in NASCAR's Whelen All-American Series, Division I. The multicultural racing team is the first ever to consist of two

brothers from two different ethnicities and minority classes, hailing from the North East and under the age of 25. The team consist of 6 drivers of various professional licensed levels. On February 16, 2018, E2NE partnered with Copp Motorsports for "The Next Era Energy 250" at Daytona. Scott Stenzel finished an impressive 15th.

Melissa is an African American, single mother of 7; 3 biological children from a prior 16 year marriage and legal guardian of 4 additional children from younger siblings. Known as "Captain Lebron" for the last 5 years of her career in the Mental Observation Unit in New York City's Department of Corrections Rikers Island, Melissa was forced to retire after 19 years of service due to a work related injury. A chronic asthma sufferer, it was after another severe attack that she had an epiphany ~ *"never be able to say "I wish I had", be able to say "I'm glad I did."* The pursuit of her passion was born.

Ms. Harville - Lebron is the founder and CEO of W.M. Stone Enterprises, Inc., a multifarious entertainment conglomeration that is the home to Coutrá Music Group, a boutique music label. CMG's eclectic roster at one time included a female racecar driver with a phenomenal voice. This would be Melissa's initial exposure to NASCAR and also what would capture her attention and direct her awareness to the lack of diversity in the motorsport. At that moment, the conscious decision was made to pursue and fill that multicultural gap. E2 Northeast Motorsports was developed to be the 1st multicultural team in NASCAR.

Melissa has always felt that the many obstacles in life were preparation for greatness in the future. Focused on creating her own destiny, she incorporated opportunity and imagination. Accepting social accountability for the impressions portrayed to youth throughout various platforms, she created Lè E'mergê Unlimited, a fashion and lifestyle company that fosters the goal of encouraging youth to "unlock their dreams and pursue the unimaginable".
