See how your support is making a difference on page 4
Greetings Friends and Colleagues,

Many of you have reached out to ask how we are doing during the pandemic, if there is anything that we need and how you can help and I thank you for that. It’s become rather cliché’ to say, “during these unprecedented times.” However, there is not much that we can look to in the recent past to help us manage a child and family-serving agency during a pandemic. It’s been really challenging. Most of our programs and services have transitioned to a virtual setting, where the staff is working from home and seeing most of the children and families served through Zoom. We continue to provide essential face to face home visits and deliver emergency supplies such as diapers, food, bedding, etc. to desperate families in need of assistance. A few programs could not transition to a virtual setting such as our Children’s Board Family Resource Centers and of course, our Residential Therapeutic services (AIM and Kids Village). The heroic staff of these programs has provided essential and critical services to vulnerable populations that rely on our help, particularly during a crisis.

Like all parents and caregivers across our nation, we too have had to make a decision as to whether the children and youth in our care should attend a school or participate in one of the alternatives as a result of the pandemic. We have recently made the decision to use eLearning so the children do not have to physically attend school but can participate in a school-based distance learning program from campus in the Pulte Promise Learning Center. We have also decided to provide expanded supports so that the children can continue to make academic improvements, which can be very difficult for children who have been victims of abuse and neglect. I know it’s been extremely challenging for all children and parents during the pandemic - but imagine having to manage the educational supervision of 50 children every day! In response to our recent decision, we are hiring two full-time teachers and a teacher’s aid to help us non-educators provide the best that we can to help the children in our care.

I hope that all of you remain safe and healthy. I thank you for the generosity and concern that you have shown to the Children’s Home Network over the past few months- it’s made all the difference in our ability to carry on every day.

Wishing you all the best,

Irene K. Rickus, MS, LMHC
President/CEO

When you take the small step of naming the Children’s Home Network as the Payable on Death (POD) or Transfer on Death (TOD) beneficiary of your investment, checking or savings account, you help us continue our important work. A gift like this won’t affect your lifestyle and it will make a tremendous impact on the boys and girls we serve. A small effort on your part can make a big difference to our mission. To learn more about how you can make a difference today, please call or email Frank Massaro at (813) 864-1535 or by email at fmassaro@childrenshomenetwork.org

Thank You for Your Support!

On March 14th, the Children's Home Network hosted the 26th Annual General Schwarzkopf Memorial Sporting Clays Classic, presented by Absolutely Amazing Refinishing. This fun-filled day at the shooting range included breakfast and lunch, silent auction items, and an awards ceremony. All proceeds from the event benefit the children and families that we serve.

Congratulations to the first place winners of the Schwarzkopf Cup, Fourqurean Drilling. A special thank you to our Major Sponsors, Publix Supermarket Charities, and The Mosaic Company. We are so grateful for all of the 36 participating teams, volunteers, and sponsors listed below. This event would not have been possible without your support!

- Hitmaster Graphics
- OAI
- World of Beer

Earlier this year, we lost one of our event’s founders, Ken Cochran. Ken loved the outdoors as much as he loved helping the kids and families served by the Children's Home Network. His family graciously requested that donations be made in his honor to our organization. We are deeply saddened by his passing, yet, extremely grateful for his hard work and dedication.
The Children’s Home Network believes in the power and sacred nature of family and provides services that engage families so they grow, increase positive parenting skills, and overall capacity to stay together for a lifetime. For a variety of reasons; however, families often struggle and children become unsafe and have to be removed from the care of their parents. In the absence of available relatives or friends, many end up in foster care. Such is the case for brothers Jason, 13, Steven, 12 and Anthony, 8 who came into foster care almost 2 years ago and have been living at Kids’ Village since that time.

The children were raised in a single-parent home with their father and sadly had no connection with their mother. Similar to many families in the child welfare system, substance abuse was a significant factor that ultimately resulted in the boy’s removal. Because of his substance misuse, the father was often incapacitated, leaving the boys to fend for themselves and at times, putting themselves in harm’s way. It was discovered that a neighbor abused one of the boys, and they had begun experimenting with drugs. After the children arrived at CHN, our caregivers quickly realized that the father’s parenting skills were significantly lacking and he would frequently encourage the boys to fight amongst themselves and had difficulty setting boundaries as a parent in his actions and in his words. The prognosis for the family did not look good during these early days and family visits and phone calls would often have to be cut short to manage the chaos created by the father’s inappropriate parenting.

It is not surprising that the boys had a hard time becoming a part of the larger CHN family as their social and coping skills were minimal. They argued and would fight with the other boys, struggled academically, and were failing in all subject areas, and their use of profanity was shocking yet clearly the norm for them. The CHN therapist and team of caregivers knew they would need to work hard to help restore this family but everyone embraced the challenge and worked as a team to accomplish the goal.

Our priority is always to create safety and build a relationship with our children. This was accomplished through consistency, a structured daily schedule, one on one as well as group therapy, wrap-around support with academics and through the use of Positive Behavior and Intervention Services (PBIS) on campus. The boys responded slowly to their new environment but continued to struggle because of their father’s inconsistent parenting style that was so different than what CHN provided. Progress and family restoration would not occur unless the CHN team could engage the father in treatment and family therapy.
The Children’s Home Network is committed to improving lives and changing life stories. We believed in this family and their potential for success through our compassionate and effective services. CHN’s team of caregivers accepted the father without judgment, welcomed him as a co-parent, and worked as a team with the therapist to ensure consistency and a unified ‘parent’ team. Soon, the father began to see positive changes in his son’s behaviors and attitudes and he became open and willing to learn. After several months of intervention and efforts, the father began responding to the feedback and coaching provided by the boy’s CHN therapist and caregiver team.

While life on campus for the boys began to achieve normalcy, their father regularly worked with the therapist to plan for visits and phone calls. Before each interaction, the therapist would work with the father to set expectations and limits for what was appropriate to discuss and how to respond to behaviors. Together they established a unified front with the boys that demonstrated how much the adults in their lives cared about them. At one time the boys would engage in negative behaviors at their father’s instruction. Now, if this occurs, the CHN team will address the behavior and engage the father when necessary to confront the issue jointly. Needless to say, progress and positive results are astounding. The brothers’ positive behaviors and social skills have increased and despite early struggles at school, each passed every subject this year and will be promoted to the next grade level.

With just a few tasks remaining, the father continues to show progress and increased stability. It won’t be long before they are reunited and can move forward as a family.

The 38th Annual Children's Home Network

Golf Classic

Presented by

November 2nd, 2020
Registration: 10:30 am | Shotgun Start: 12:00 pm

Feather Sound Country Club
2201 Feather Sound Drive, Clearwater, FL 33762

Join us! This fun and festive event is one of the longest running golf tournaments in the Tampa Bay area and has raised almost 3 million since its inception. Golfers are provided complimentary range balls, golfer gifts, boxed lunch, on-course beverages and a catered awards ceremony. Lots of great auction items will be available for online bidding prior to the event. Follow Children’s Home Network’s Facebook page and website for updates.

Supplies for Success

It takes a lot to get our children ready for school. Will You Help?

Children's Home Network believes that every child deserves the necessary tools to be successful in school. We provide backpacks and all of the needed school supplies to help our children excel in school.

The first day of school is quickly approaching. Please consider giving a gift today of $150, so we can make sure our children are ready for the first day of school! We have provided a return envelope for your convenience.

You can also donate through our Target wish list by visiting the link below. Tgt.gifts/chnbacktoschool

THANK YOU FOR YOUR SUPPORT!
Thank you for all that you do!

Pictured to the far left: Our friends at OAI Visual Branding provided us with 500 non-medical reusable face masks! We are so grateful for everything they do for us, especially their efforts to keep our campus youth, staff, and families safe.

Pictured on the left: We are so grateful to our friends at CapTrust Advisors, who generously shipped 1250 pre-filled eggs to our campus so our youth could enjoy an egg hunt on Easter Sunday.

Pictured to the right: We’d like to share our sincere thanks to our friends at Nationwide Title Clearing for their generous donation of recreation items for our campus youth. From puzzles to playground balls, to pool toys, they’ve given our kids and teens countless hours of fun during these unsettling times.

Pictured on the right: Huge THANKS to our friends at the Tampa Bay Lightning, who came to campus in February and worked incredibly hard in our donation center. We are so grateful to the staff and season ticket members for the incredible job they did in getting us reorganized after a hectic holiday season! Thank you, thank you, thank you.

Pictured on the left: Thank you to U.S. Congresswoman, Kathy Castor and to CHN board member, Karl M. Schmitz III, for arranging the donation of an American flag to CHN that previously flew over the Nation’s Capitol.
On behalf of our Board of Directors, staff, and our children, we would like to acknowledge The McCune Family Foundation for their generous and on-going support they provide to our agency. Over the past three years, the foundation has committed to helping us strengthen and advance our mission by providing critical financial support to our Residential Programming that allows us to serve the most vulnerable children and youth in our community, and advocate for their future and well-being.

We are grateful to have community partners such as the McCune Family Foundation!

For nearly a decade, we have teamed up with the Herbalife Family Foundation to provide access to healthy and nutritious food options for children residing in our care. When our children come to our campus, their entire lives are in crises including trauma, abuse, and/or neglect and their eating habits are almost always far from healthy. The support from Herbalife has given us the ability to introduce fresh ingredients such as fruits, vegetables, and proteins, allowing us to offer more nutritious ingredients to every single child. As a result, our Campus Chef can continue to diversify daily menus with healthy options. Because of their generosity, Herbalife enables us to make the meal choices not only healthy but appealing to children and teens. Thank you, Herbalife Family Foundation!
We're Hiring!

Do you want to make a positive impact in the lives of children? Join our team!

Children's Home Network strives to be child-centered and family-focused throughout our organization. That means from every person in our care to our employees, we emphasize the value of community support.

Whether you work directly with a child or provide support in an administrative capacity, we rely on your knowledge and concern for our children and families to meet our goals and promote our mission.

If you are interested in helping us create opportunities for children to be successful, valued, and respected, in safe and nurturing families—we need you to join our family! Visit the link below for more information.

Defying the Odds

Healthy Families America is one of the leading family support and evidence-based home visiting programs in the United States. At the Children’s Home Network, we are proud to partner with the Healthy Start Coalition of Hillsborough County to provide the Healthy Families program in our community. We believe early, nurturing relationships between parents and children create the foundation for healthy development.

Sponsored by the Children’s Board of Hillsborough County, Ounce of Prevention Fund of Florida and the State of Florida, and the Department of Children and Families, Healthy Families Hillsborough offers parents the opportunity to learn how to recognize and respond to their babies’ changing developmental needs, use positive discipline strategies, cope with the day-to-day stress of parenting in healthy ways, and set and achieve short-and long-term goals all by a trained and highly skilled Family Support Worker.

Marixa became pregnant when she was 15 years old. When she announced her pregnancy, she received a lot of discouraging feedback including, “you have messed up your life” and “you are never going to finish high school or go to college”. Even then, Marixa was determined to graduate high school and become an EMT. She encountered many obstacles, such as challenges with her parents, struggling to meet the demanding requirements of school, the negative backlash from the community, and limited financial resources, in addition to becoming a single parent.

Marixa has been part of Healthy Families for two years. With support, motivation, and encouragement from her Family Support Worker, Valerie, Marixa is thriving! She successfully breastfed her son for an entire year, completed high school in May 2020 (she even made the Honor Roll!) obtained and maintained part-time employment, moved out of her parent’s home, and is patiently waiting to start EMT school in the fall. The most impressive part is Marixa is only 17 years old.

To learn more about Healthy Families Hillsborough, please call Carmen Siegfried at (813) 514-0730 or visit: www.childrenshomenetwork.org/healthy-families-hillsborough
