

Dear Vermont Valley Member,

Welcome to our front porch! We are Terri Wilson-Carman and Jim Carman. We will try to be around on Thursdays from 4 to 7, so if you want to say hi or have questions, please feel free to knock on the front door if you don't see us out and about in the yard. You can reach Terri at 608-770-0295, email is tcarman1@charter.net. If you need to reach me about your share pick-up, it's best to leave me a voice message with a call back number. Please do not call before 8:00AM or after 9:30 PM.

Vegetables are delivered mid-afternoon and you can stop by and pick up at any time after delivery. It is okay to stop over until 10:00 PM on Thursday to collect your veggies. Your share will be on our front porch until about 8:30 Friday AM. If you haven't contacted me about picking up your share later, it will be donated to a local charity after 8:30 AM on Friday. If you have contacted me, I will set it aside with a note with your name on it. We cannot refrigerate shares, so please pick up as soon as possible!!

Please DO NOT take a share if your name is not on the pick up list!! If you signed up to pick up at 332 Baldwin and you do not see your name on the list, please let me know or call the farm at 608-767-3860. The same for cheese... if you do not see your name on the list, DO NOT take any cheese. You can contact me or Dreamfarm at 608-767-3442.

Parking on the isthmus is very tight! Please DO NOT park in front of our house! Also, please do not block our driveway on Elizabeth Street or our neighbor's driveway on Baldwin. We understand that you will only be a few minutes, but we really want to keep all our neighbors happy! If you can walk or bike over, that would be wonderful!

If you should forget to pick up on Thursday, you can call after 8:00 AM on Friday. Please remember that if I do not hear from you by 8:30, your share will be donated.

Our porch is small and sometimes gets crowded. Please do not leave your trash on our porch. Please stack the boxes and lids neatly on the opposite side of the porch where the shares are stacked. We greatly appreciate your gentle handling of the porch and your attempts to help keep it tidy!

We will have paper bags available (if you have some to donate, we'll gladly accept them), if you should forget to bring your own bag. Again, please keep the paper bags neatly folded in their container. When transferring your veggies to your bag, please be mindful to clean up any spilled veggies parts!

Thank you for helping us take care of our porch and we look forward to meeting all of you this season! Enjoy!!

Terri and Jim
