following Friday will be donated.

Donations of *clean*, empty paper bags
greatly appreciated. Thanks!

Please park on road. Please watch for kids.

Please watch for traffic.

Parmenter Street Pick Up Site Details:

The Dunn Family welcomes you. This is our 10th year as a pick-up site and 11th year as members of Vermont Valley Community Farm. We are happy to provide this pick-up site for you and your family, and hope you enjoy your produce as much as we do. We have three children who are involved in many different activities, so we are always coming and going. Due to our crazy schedule, I have tried to provide detailed pick-up instructions for each type of share (veggie, fruit & cheese). If at any time you have a question, comment or concern please contact us at any time:

Brian & Amy Lynn Dunn; e-mail: baabcdunn@yahoo.com; home: 608-824-0421; cell: 608-469-2398

The following is a list of further details for our pick-up site:

- Pick-Up Time:** Because of the higher number of members at our site, our pick-up time for our site is 3pm to 9pm. The garage door may be left open right after delivery (around 2 pm), so feel free to drive by and see, but no guarantees.
- Unclaimed Shares:** If shares are not picked up by 11am on the following Friday, and I do not hear from you to set up an alternate pick-up time, your share will be donated (typically to the Middleton Outreach Ministry Food Pantry). Reminder calls will only be made for the first few weeks, then the responsibility for remembering to pick up on time is yours.
- Substitute Pick-Up:** You can have someone else pick up your share. Please be sure to instruct your substitute pick-up person on proper pick-up site procedures and that they know which name to cross off on Name List(s). Remember there are different Names Lists for different share types (veggie, fruit, cheese). Pick-up Site Instructions are posted on site if needed.
- Share Splitters:** If you are splitting a share with another family and you are dividing the share on site, please unload the entire share from the plastic container and place the remaining half share into another bag clearly labeled with the other families name and placed near the table area.
- DO NOT take Plastic Containers with you!** Unload veggies from the plastic containers into your own bag/box. Note: put heavier veggies on the bottom of your bag/box. Paper bags are typically available on site if needed. Donation of paper bags is greatly appreciated. Thanks!
- Please park in the street!** Unless you have health concerns and need to use our driveway, please park on the street at the curb. We have three young children as well as many neighborhood kids and many families with young children visiting our site which may make pulling in and especially out of our driveway hazardous. Parmenter Street can also get very busy especially around 5:30 as many are heading home for the day. **Please use caution!**
- What to do with all those veggies?!** Prep your veggies right away. See storage suggestions on the veggie list inside each share container or look for info posted at our site.
