

Hello and welcome to the Monona pickup site for the Vermont Valley CSA!

Please keep this email handy throughout the season as there are a lot of important details here. Let's get right to it:

Who we are:

Meghann and Ben Redding, and our boys Miles and Wes. We love being a site host for our CSA!

Where we are:

6019 Queens Way, Monona – your share will be in our garage

Contact:

608.222.6105 This rings our home phone—please do not call after 9pm or before 8am!

gmeghann@gmail.com

If we need to reach you, Ben often calls from the garage on his cell. That number is 608.316.5111.

Pickup time:

Our garage will be open on Thursdays from 4pm to 7pm.

Complications:

If you can't make it during the pickup time, **please try to arrange for someone else to pick up your share**. If this is not possible, please call or email so that we can work something out with you. We plan on dropping off unclaimed shares at a nearby food pantry on Friday morning, probably around 10.

If you send someone else to pick up your share: please explain to them that there are different kinds of shares at our site, and they should only pick up your specific share. We have had lots of issues with people improperly taking fruit shares and large shares, so please be mindful of this. Thanks!

Parking:

Please park in the street if you are physically able to make the walk. Our boys regularly play in the driveway. Thanks!

Other details:

- Please remember to cross your name off when you pick up. This is easy to forget, but it's really helpful when there's a mix up if you do it.
- Please bring your own bags to take your share home in—if you want to bring extra paper bags to help someone out that may have forgotten theirs, we would appreciate it.
- The plastic bins that the vegetables come in STAY in our garage
- **Please help us to keep things neat by stacking the bins and their lids nicely.**
- There is an exchange box on the table in the garage by the check off list, you can put vegetables you don't want in there, and take what you do want that is in there.

We're looking forward to sharing the 2014 season with you!

Meghann and Ben Redding
