

Dear Vermont Valley Community Farm Members,

Welcome! My name is Ruth Meyer and along with my husband Paul, we will be your pick-up site hosts. Here are a few important things you need to know about picking up your produce at our home:

- **Address:** 4328 Hillcrest Cir, just north of the Midvale/Mineral Point intersection on the east side.
- **Contact information:** 233-4332, [meyerfamil@gmail.com](mailto:meyerfamil@gmail.com)
- **Pick-up time:** Thursdays from 4pm-9pm
- If you need to make **alternate arrangements** for your pick-up for a particular reason please notify us best by phone at least 24 hours ahead of time. You may call as late as 9pm. or as early as 6:30 am
- If you **forget to pick-up your produce** on Thursday, we will contact you only for the first couple of weeks. After that time, the forgotten share will be donated to a local food pantry. Your share will be held until 10 am on Friday morning.
- Our street circle is small and narrow. Please be aware of other cars and where they are parked so we do not create a bottle neck along the road preventing residents from getting to their home. **Please do not park in our driveway.**
- As paper grocery bags are available, we will have a stack in the garage by the produce bins, however, **we strongly recommend bringing your own reusable produce bag** to carry the produce you will remove from the bin.
- Please remember to **stack bins and tops neatly** in their designated locations.

We will try to be available and present on most pick-up days. Do not hesitate to knock on the door if you have any needs.

We are really looking forward to this growing season and our continued involvement with Vermont Valley in a new role. We appreciate your support and look forward to meeting you.

Ruth and Paul Meyer
