

# Vermont Valley Community Farm

LLC

Greetings Vermont Valley CSA Members!

---

**Location:**

**Crestwood Neighborhood Pick-Up Site**

**5725 Forsythia Pl** – Garage behind house.

**Who:**

Jackson and Alysa Hinde. We just bought our first home last summer and are very excited to be hosting a pickup for Vermont Valley CSA this year!

We are looking forward to meeting folks, so feel free to say hi and text/email/call if you have any questions!

**Contact Info:**

Jackson: text/call - **(715) 931-0659** or email - [jackson.hinde@outlook.com](mailto:jackson.hinde@outlook.com)

Alysa: text/call - **(608) 572-8979** or email - [alysa.bradley@wisc.edu](mailto:alysa.bradley@wisc.edu)

Preference and Availability: **text/email/call** in that order, **between 7AM-10PM**

**Pickup Hours:**

Between **4-7PM**. Let us know if you are unable to pick-up your share by 7PM.

If your share is still in our garage at 10AM on Friday morning and we have not discussed alternate arrangements, we will donate it to a local food pantry.

**Parking:**

Please **park on the street if you are able** and access the garage by walking up the driveway. Our driveway is relatively spacious, but it would be easy for other members to park you in!

**The Garage:**

Shares will be setup inside the garage. The main garage door will typically be closed, as we do not get home from work until 5-6pm. Instead, **please enter through the “people door” immediately to the right of the main car entrance.** The “people door” will be unlocked during pickup hours from 4-7pm.

**Sign-Off Table:**

There will be a small table setup near the shares with a list of CSA members using our site. **Please find your name on the list and cross it off when you take your share.**

**Bags + Bins:**

Please bring bags to take home your share and **neatly stack the empty bins and lids** separately near the table.

We will set out a few spare paper bags if needed (paper bag donations welcome), so please do not take the plastic bins home.

**Cheers!**

We look forward to a great season of Vermont Valley produce!
