Benefits of being a part of Enactus at your university

“"I have learnt so much about the way I lead, support and motivate others. The most important thing I’ve learnt is how to bring my personality and authenticity to the role”
Team Leader

“"Enactus gave me an opportunity to build skills like problem solving, critical thinking, entrepreneurial action, leadership and organisation management”
HR Lead

Develop skills such as leadership, communication, empathy and prioritisation - all key skills that employers look for when recruiting

Students develop a passion for creating meaningful change and their projects become a personal mission

Build your network ready to kick start your career. Work with our 200+ coaches to receive mentoring and personal development opportunities

Make lifelong friends who work together to have an economic, social and environmental impact within the local community

Learn how to overcome challenges, an essential skill when moving into the world of work.

Learn how to move out of your comfort zone, challenge the norm and work collaboratively with like-minded people
