

California Climate Investments Implemented Projects by Region, Metropolitan Planning Organization, County, and Legislative District

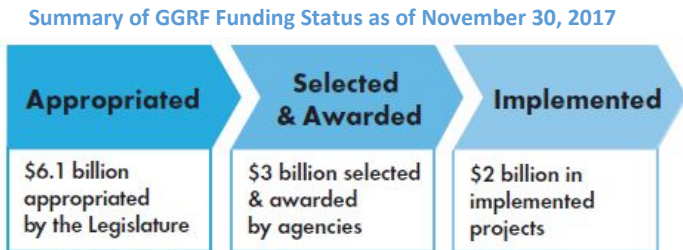

Project Data as of November 30, 2017

Introduction

This document supplements the information provided in the *2018 Annual Report to the Legislature on California Climate Investments Using Cap-and-Trade Auction Proceeds* (Annual Report) and Greenhouse Gas Reduction Fund (GGRF or Fund) Project List¹ by summarizing California Climate Investments by region, Metropolitan Planning Organization (MPO), county, and legislative district.

The data provided here is derived from the data in the Project List and represents \$1.97 billion in cumulative funding for “Implemented Projects” as of November 30, 2017.

Most projects can be tied to one project address, although a number of GGRF projects span multiple geographic boundaries (e.g., a transit bus line or large forestry project). Where it is not feasible to associate a project with a single region, district, or county, the same project data is included in each area that benefits from the investment. This method of attribution tends to increase the implemented project totals reported here. Implemented High-Speed Rail Project funds (\$547M) have been omitted, which decreases implemented project totals in this document. As a result, the “Total Funding Implemented” summations in this document differ from the individual project funding summation values in the Annual Report. See the GGRF Project List for a more detailed explanation of the methodology CARB used to evaluate projects that cross geographic boundaries.

¹ See caclimateinvestments.ca.gov.

California Climate Investments Implemented Projects by Region

Project Data as of November 30, 2017

Note: Projects that cross regional boundaries are counted for each region that the project is located in (e.g., once for each region a new 10-mile transit bus route has a stop in), or once for a single region if the specific location of the GGRF funded improvements could be identified (e.g., for affordable housing at a particular address). Due to accounting for projects that cross regional boundaries, and because funds for the High-Speed Rail Project have been omitted, the summation of funds by region (\$1.94B) is less than the total implemented funds, as reported in the 2018 Annual Report (\$1.97B). Likewise, the summation of funds benefiting disadvantaged communities by region (\$1.47B) is higher than the disadvantaged communities total implemented funds as reported in the 2018 Annual Report (\$987M).

Region	Total Implemented Funds by Region	% of Implemented Funds (\$1.97B)	Regional Funds Benefiting Disadvantaged Communities	% of Regional Funds Benefiting Disadvantaged Communities
Bay Area	\$483,541,046	24.56%	\$317,761,331	65.72%
Los Angeles / Inland Empire	\$730,023,776	37.08%	\$628,705,022	86.12%
San Diego / Imperial	\$164,701,013	8.36%	\$140,030,032	85.02%
San Joaquin Valley	\$325,202,313 ²	16.52%	\$270,488,340	83.18%
Other Regions	\$240,432,775	12.21%	\$117,785,977	48.99%

Region Definitions (Counties):

- Bay Area:* Alameda, Contra Costa, Marin, Napa, San Francisco, San Mateo, Santa Clara, Solano, and Sonoma counties.
- San Joaquin Valley:* Fresno, Kern, Kings, Madera, Merced, San Joaquin, Stanislaus, and Tulare counties.
- Los Angeles / Inland Empire:* Los Angeles, Orange, Riverside, San Bernardino, and Ventura counties.
- San Diego / Imperial:* Imperial and San Diego counties.

² This value does not include \$547M in funding for the High-Speed Rail Project.

**California Climate Investments
Implemented Projects by Metropolitan Planning Organization (MPO)**

Project Data as of November 30, 2017

Note: Projects that cross Metropolitan Planning Organization (MPO) boundaries are counted for each MPO that the project is located in, (e.g., once for each MPO a new 10-mile transit bus route has a stop in), or once for a single MPO if the specific location of the GGRF funded improvements could be identified (e.g., for affordable housing at a particular address). Due to accounting for projects that span MPO boundaries, and because High-speed Rail funds have been omitted, the summation of funds by MPO (\$1.94B) is less than the total implemented funds as reported in the Annual Report (\$1.97B).

MPO	Counties	Total Implemented Funds by MPO	% of Implemented Funds (\$1.97B)
AMBAG	Monterey, San Benito, Santa Cruz	\$29,301,303	1.49%

⁵ This value does not include \$547M in funding for the High-Speed Rail Project.

California Climate Investments Implemented Projects by State Senate District

Project Data as of November 30, 2017

Note: Projects that cross State Senate district boundaries are counted for each district that the project is located in (e.g., once for each district a new 10-mile transit bus route has a stop in), or once for a single district if the specific location of the GGRF funded improvements could be identified (e.g., for affordable housing at a particular address). Due to accounting for projects that cross districts, the summation of funds by Senate district (\$2.86B) is greater than the total implemented funds as reported in the Annual Report (\$1.97B).

Senate	Total Implemented Funds by District through 2017 ⁶	% of Implemented Funds (\$1.97B)
1	\$40,895,172	2.08%
2	\$38,251,779	1.94%
