Funding Available for Individuals
You can save money on transportation, energy and heating expenses while helping California reduce greenhouse gas emissions.

Clean Vehicle Rebate Project
Rebates for fleets and income-eligible residents for up to $7,000 for a new plug-in hybrid, battery electric, or fuel cell car.
https://cleanvehiclerbate.org

Clean Cars for All
Clean Cars for All helps replace old, polluting cars with cleaner, more fuel efficient vehicles.
https://ww3.arb.ca.gov/msprog/lct/opportunities.htm

Financing Assistance for Lower-Income Consumers
Up to $5,000 in down payment assistance, special financing, and free vehicle charger and installation to help income-qualified Californians purchase a new or used hybrid or electric vehicle.
https://cleanvehiclegrants.org/

Pilot Reuse Grant Program
This program provides grants to lower overall greenhouse gas emissions by expanding and improving waste diversion in California through reuse.
https://www.calrecycle.ca.gov/climate/grantsloans/reuse

Organics and Recycling Manufacturing Loans
Loans to fund construction, renovation, or expansion of facilities for preprocessing, digesting, or composting organics, or the preprocessing or manufacturing of value-added finished products using recycled fiber, plastic, or glass.
https://www.calrecycle.ca.gov/climate/grantsloans/GHGloans/

Community Air Grants
Grants for community organizations to participate in the development and implementation of the Community Air Protection Program to improve local air quality.
https://ww2.arb.ca.gov/capp-cag

Community Air Protection
Grants to reduce local air pollution in schools and impacted communities by replacing highly polluting engines, reducing emissions at industrial facilities, building electric vehicle charging stations, or supporting other local measures identified by communities and air districts.
https://ww3.arb.ca.gov/msprog/cap/capfunds.htm
Farmworker Housing Energy Efficiency & Solar PV
Provides energy efficiency upgrades like appliance replacements, insulation and lighting upgrades, solar PV, and health and safety improvements for farmworker housing at no cost to residents. For more information call: (833) FOR-LIWP or (833) 367-5497 or visit https://csd.ca.gov/Pages/Assistance-Farmworker Assistance.aspx

Funding Agricultural Replacement Measures for Emission Reductions (FARMER)
Local air districts offer incentives to replace old, high-polluting agricultural vehicles and equipment with cleaner options.
https://ww2.arb.ca.gov/our-work/programs/farmer-program

Woodsmoke Reduction Program
Incentives for homeowners to replace old and highly polluting wood stoves, inserts, or fireplaces with more efficient home heaters.
http://www.capcoa.org/woodsmoke-reduction-program/

Community Composting for Green Spaces Grant
Grants for community groups operating small-scale composting programs in disadvantaged communities.
https://www.calrecycle.ca.gov/climate/grantsloans/communitycomposting/

Climate Adaption and Resiliency Program
Grants for projects that safeguard coastal communities and use nature-based solutions that provide co-benefits for people, wildlife, and the economy.
https://wcb.ca.gov/Programs/Climate-Adaptation

Recycled Fiber, Plastic and Glass Grant
Grants for manufacturing projects that expand paper, plastic, or glass recycling.
https://www.calrecycle.ca.gov/climate/grantsloans/FPG/

Food Waste Prevention and Rescue Grant Program
Grants for projects that prevent food waste, including source reduction and rescuing food for people in need.
https://www.calrecycle.ca.gov/climate/grantsloans/FoodWaste/

Forest Health
Grants for reforestation, forest fuel reduction, pest management, conservation easements and forest biomass utilization.
https://www.fire.ca.gov/grants/forest-health-grants/

Forest Health Research
Research projects that investigate priority topics in support of California Forest Carbon Plan Implementation.
https://www.fire.ca.gov/grants/forest-health-grants/

Alternative Manure Management Program
Grants to implement practices that reduce manure methane emissions, such as solid separation, conversion from flush to scrape manure collection and enhanced pasture-based management practices.
https://www.cdfa.ca.gov/oefi/AMMP/

Dairy Digester Research and Development
Grants for the development of dairy digesters and demonstration projects that reduce methane emissions from manure.
https://www.cdfa.ca.gov/oefi/ddrdp

Renewable Energy for Agriculture Program
Adoption of on-site renewable energy technologies (such as wind and solar) at agricultural operations.
https://www.energy.ca.gov/programs-and-topics/programs/renewable-energy-agriculture-program

Safe and Affordable Drinking Water Fund
The Safe and Affordable Drinking Water Fund is a part of the Safe and Affordable Funding for Equity and Resilience (SAFER) Program. SAFER is a set of tools, funding sources, and regulatory authorities designed to meet the goals of safe, accessible, and affordable drinking water for all Californians.
https://www.waterboards.ca.gov/drinking_water/programs/safer_drinking_water/
