Businesses can receive funds to reduce climate pollution through clean transportation, waste prevention, clean air initiatives, and more.

Technical Assistance
The Technical Assistance Program supports communities in applying for California Climate Investments funding. The program aims to level the playing field for applicants that may lack the capacity to successfully access these funds, particularly those that live in the state’s most disadvantaged communities.
https://sgc.ca.gov/programs/tech/

Clean Vehicle Rebate Project (CVRP)
Rebates for fleets and income-eligible residents for up to $7,000 for a new plug-in hybrid, battery electric, or fuel cell car.
https://cleanvehiclerebate.org

Clean Off-Road Equipment Voucher Incentive
Vouchers for zero-emission and low-emission equipment used in off-road freight transport, such as forklifts, transport refrigeration units, gantry cranes, and terminal trucks.
http://californiacore.org/

Clean Truck and Bus Vouchers
Vouchers for the purchase of zero-emission, hybrid, and low-emissions trucks and buses.
https://www.californiahvip.org/

Funding Agricultural Replacement Measures for Emission Reductions (FARMER)
Local air districts offer incentives to replace old, high-polluting agricultural vehicles and equipment with cleaner options.
https://ww2.arb.ca.gov/our-work/programs/farmer-program

Community Air Grants
Grants for community organizations to participate in the development and implementation of the Community Air Protection Program to improve local air quality.
https://ww2.arb.ca.gov/capp-cag
**Community Air Protection**
Grants for community organizations to participate in the development and implementation of the Community Air Protection Program to improve local air quality.
[https://ww3.arb.ca.gov/msprog/cap/capfunds.htm](https://ww3.arb.ca.gov/msprog/cap/capfunds.htm)

**Pilot Reuse Grant Program**
This program provides grants to lower overall greenhouse gas emissions by expanding and improving waste diversion in California through reuse.
[https://www.calrecycle.ca.gov/climate/grantsloans/reuse](https://www.calrecycle.ca.gov/climate/grantsloans/reuse)

**Organics and Recycling Manufacturing Loans**
Loans to fund construction, renovation, or expansion of facilities for preprocessing, digesting, or composting organics, or the preprocessing or manufacturing of value-added finished products using recycled fiber, plastic, or glass.
[https://www.calrecycle.ca.gov/climate/grantsloans/GHGloans/](https://www.calrecycle.ca.gov/climate/grantsloans/GHGloans/)

**Fluorinated Gases Emission Reduction Incentive Program**
Grants to promote the adoption of new low-GWP refrigerant technologies; recycling, recovery, reclamation, or destruction of high-GWP refrigerants services to achieve short- and long-term climate benefits, energy efficiency, and other co-benefits.

**High-Speed Rail**
There are numerous opportunities for the private sector to get involved in the planning, design, building and eventual operation of California’s high-speed rail project.
[https://www.hsr.ca.gov/](https://www.hsr.ca.gov/)

**Forest Health**
This program provides grants for reforestation efforts, forest fuel reduction, pest management, conservation easements and forest biomass utilization.
[https://www.fire.ca.gov/grants/forest-health-grants/](https://www.fire.ca.gov/grants/forest-health-grants/)

**Community Composting for Green Spaces Grant**
Grants for community groups operating small-scale composting programs in disadvantaged communities.
[https://www.calrecycle.ca.gov/climate/grantsloans/communitycomposting/](https://www.calrecycle.ca.gov/climate/grantsloans/communitycomposting/)

**Advanced Technology Freight Demonstration Projects**
Grants for pre-commercial demonstrations of advanced vehicles, engines, equipment, and transportation systems.

**Low-Carbon Fuel Production**
The program will support new and expanded renewable ultra-low carbon transportation fuel production at commercial scale, helping the State’s fuel industry work towards a low-carbon future.

**Affordable Housing and Sustainable Communities**
Funding for affordable housing, active transportation, transit, and solar photovoltaic systems.

**Transformative Climate Communities**
Implementation and planning grants for collaborative projects to create neighborhood-level change in the State’s most disadvantaged communities.
[http://sgc.ca.gov/programs/tcc](http://sgc.ca.gov/programs/tcc)
Clean Mobility Options
Grants for projects like car share, bike share, vanpool, and microtransit for disadvantaged and low-income communities.
http://www.cleanmobilityoptions.org/

Healthy Soils
Grants for on-farm soil management practices that sequester carbon, including cover crops, conservation tillage, and compost application.
https://www.cdfa.ca.gov/oefi/healthysoils/

Dairy Digester Research and Development
Grants for the development of dairy digesters and demonstration projects that reduce methane emissions from manure.
https://www.cdfa.ca.gov/oefi/ddrdp

Alternative Manure Management Program
Grants to implement practices that reduce manure methane emissions, such as solid separation, conversion from flush to scrape manure collection and enhanced pasture-based management practices.
https://www.cdfa.ca.gov/oefi/AMMP/

Multi-Family Energy Efficiency & Renewables
Incentives for energy-efficiency measures and solar photovoltaics in low-income multifamily dwellings, especially in disadvantaged communities.
https://www.csd.ca.gov/Pages/Multi-Family-Energy-Efficiency-and-Renewables.aspx

Recycled Fiber, Plastic, and Glass Grant
Grants for manufacturing projects that expand paper, plastic, or glass recycling.
https://www.calrecycle.ca.gov/climate/grantsloans/FPG/

Organics Grant Program
Grants for projects that expand organics recycling and food recovery efforts.
https://www.calrecycle.ca.gov/climate/grantsloans/organics

Food Waste Prevention and Rescue Grant Program
This program provides grants to fund projects that establish or expand facilities for recycling organics, fibers, plastic, or glass.
https://www.calrecycle.ca.gov/climate/grantsloans/FoodWaste/

Food Production Investments
Grants for food processors to implement equipment upgrades and other projects that reduce onsite energy consumption.
https://www.energy.ca.gov/programs-and-topics/programs/food-production-program

Renewable Energy for Agriculture Program
Adoption of on-site renewable energy technologies (such as wind and solar) at agricultural operations.
https://www.energy.ca.gov/programs-and-topics/programs/renewable-energy-agriculture-program

Safe and Affordable Drinking Water Fund
The Safe and Affordable Drinking Water Fund is a part of the Safe and Affordable Funding for Equity and Resilience (SAFER) Program. SAFER is a set of tools, funding sources, and regulatory authorities designed to meet the goals of safe, accessible, and affordable drinking water for all Californians.
https://www.waterboards.ca.gov/drinking_water/programs/safer_drinking_water/
