

Clear Creek Greenway Trail Design Steering Committee Agenda

Thursday, October 15, 2015
9:00 a.m. – 11:00 a.m.
Majestic Building, Idaho Springs

1. Comments from your groups
2. Public Comments
3. Process Review
 - a. Program Layout
4. Discuss goals for the Greenway as a part of the Empire Junction Interchange
5. Project(s) for the trail connection with Empire
6. Any project within this reach jump out as a “highest priority”
7. Next Steps

Steering Committee Meetings	
Date	Topics
Oct. 27th	Empire Neighborhood Meeting
Nov. 12th	Summary of Program
Spring 2016	Public Meeting
	Finalize Plan

Consider	
Safety	High use and visibility Visibility perpetuates successful implementation
Existing and Planned Conditions are similar	Alignment Surface Cross section
Usable Segments (Connection between or among destinations)	Parks Open space Recreation amenities/ river access Downtowns and commercial hubs Museums Schools Visitor centers Neighborhoods Inter-modal connections Parking Event centers
Design and Engineering	Alternative Alignments Walls Bridges Other Engineering Challenges Permitting
Cost Effectiveness and Expediency	Partnerships exists Community Support exists Outside influences

For information on the Clear Creek Greenway Plan Nov. 2005 go to: www.ccgreenway.com

Clear Creek Greenway Trail Design Project will collaboratively and transparently program the Greenway.

The Steering Committee will move the Greenway toward implementation through:

- Beginning, and for some projects, completing design
- Identifying funding for high priority projects
- Building community support inside and outside Clear Creek County
- Setting goals for future segments/projects
- Defining project termini
- Coordinating with other segments outside study limits that could be included in the Greenway program and ultimately extending the limits of the study
