

**On November 12, 2015 the following amendments were added to the Student Handbook.**

## **Student Handbook Amendment**

The first amendment to the handbook will be adding a clause, stating uniform tops are to be worn even if students are wearing a Uniform sweatshirt.

The Handbook formerly stated:

Tops

Must wear a Alpine Academy High School approved top at all times. Approved tops include:

- Polo style Alpine Academy shirt in blue, or white
- Alpine Academy sweatshirt
- Pullover requires **no** uniform underneath (*but may not be taken off during class*)
- Zipper or other open sweatshirt does require a uniform shirt underneath
- Shirt must cover the upper and middle torso with no skin showing between top and bottom
- Alpine Academy High School approved top may not be modified

The words “**no**” and (*but may not be taken off during class*), will be removed.

The second amendment added a clause concerning student assignments as followed:

Students are not to create look alike or mimic any type of weapon or inappropriate device or use said objects as any type of design for any project with out the teacher’s and administrative written consent.
