RESERVE WINES

Taymente Pinot Noir 2013, Argentina 82
Aromas of wild berries and cherries with tobacco and clean earth notes, which continues throughout the palate with added dense tannins and long fruity finish.

Alma Negra Red Blend 2015, Argentina 76
From Argentina, loads of deep black cherry, strawberry and blackberry fruit, a hint of spring flowers, terrific texture, a medium-bodied mouthfeel and silky opulence. The Bonarda seems to give the wine an uplifted fruit quality and the Malbec, more serious density and richness.

Bodega Renacer Milamore 2015, Argentina 99
From Argentina comes this Amarone-style blend. Amid all the smokiness there's cola and vanilla aromas and thick, heavy, meaty flavors of baked black fruits offset by toast, spice and chocolate. A sweet-tasting, jammy feeling finish.

Casa Viva Grand Reserve Syrah 2014, Chile 72
Deeply colored and voluptuous, with a lush, spicy aroma and rich flavors of blackberry, blueberry and dark plum. Concentrated chocolate mousse notes emerge midpalate, leading to a cream-filled finish that ends with plenty of mocha accents. Lovely Chilean wine.

Tall Dark Stranger Malbec 2014, Argentina 79
Intense red wine with bright berry flavours on the nose with rich, smooth and satisfying with flavors of juicy plum and berries on palate with a strong lengthy finish.

Girl & Dragon Malbec 2015, Argentina 82
A fierce red wine. Aromas of cherries, plums and herbs on the nose. Sugar cane and black cherries on the palate. A very well rounded wine with a fine finish.

Ventisquero Grey Carménère 2014, Chile 62
The nose reveals blackberries, blueberries and black cherry intermingled with notes of pepper and spice. Notes of damp earth and minerals. Tense with vibrant body and firm but velvety tannins.

Pizzato Merlot/Tannat/Cabernet Sauvignon Concentus Blend 2006, Brazil 96
Dark in colour with concentrated fruit aromas. Full bodied with notes of plums, cherries and oak influences which finishes with firm tannins.

The name Hermanos translates to "brothers". Their high altitude vineyards are located between 5,300 and 7,300 feet above sea level and are fed by the ultra-pure water that percolates through the mountains just above.
