

As the owner or manager of _____(name of business),
I am officially participating in the **The Last Plastic Straw** movement as part of an effort
to keep my community pollution free and stop plastic pollution at the source.

As a plastic straw free business, we will feature you on our list of participating
businesses on **The Last Plastic Straw Website**, linking your business to a global
movement, share on social media, and promoting you as green business leader
in your community!

As a participating business I vow to: (please check all that apply)

- Print on menu **“Straws Available Upon Request”**
and only provide straws upon customer’s request.
- Discontinue the use and purchase of plastic straws.**
Offer a fully compostable (paper)* or reusable option to plastic straws.
OR get rid of straws completely.

*** Note: “Bio, Plant Based, & Compostable Plastics” are not compostable in soil, nor recyclable. Bio plastics require a commercial high heat composting facility, and will not break down in a landfill. Check with your local Waste Management agency.**

Signed,
