INSPIRA ROASTERS

ARTISAN COFFEE

Every cup of our coffee is so much more than a dose of caffeine. When you drink our specialty coffee, you taste and experience different regions of Indonesia. So obsessed we are about coffee that we roast the beans here in the cafe for the ultimate freshness and flavor. Sit, sip and completely steep in your coffee moment.

All prices are net in thousand IDR.

ARTISAN COFFEE

For those who like their coffee black and pure, give our single origin coffee a go. You will be curious to try all our beans because each is unique. Roasted specifically to pronounce their special character, each gives you a flavor palette that is like traveling to a different place altogether.

Of course, you'd never go wrong with the classic latte or cappuccino, because every cup of coffee matters to us.
