

Name tags should be worn to Guild meetings and any other Guild activity and/or event. The pattern and directions for making a Guild name tag are included on this page.

The pattern may be cut from a calico print and appliquéd onto a four inch (4") square of Hardanger or muslin. Cross-stitch or embroider "AQQ" in the center and place this in the center of the Calico Arkansas. The members name may be stitched in the space below the Arkansas shape.
