

Parents,

We are looking forward to this spring. We can reflect on 8 season of Highlander Rugby making an impact in the lives of young men.

In the last few season, we have added more diversity, players from different towns, different countries and different walks of life. We are just getting started!

This spring we will be embarking on our most aggressive push as a program to build outside our current borders. We will be running marketing campaigns this winter to grow the club. We will be posting new videos, pictures and give aways on our social media platforms.

Looking back on our most successful seasons as a club, they have come when parents were heavily involved. We as coaches have a lot of blind spots. Our focus is on the play and character of the young men we coach. Administration, announcement, and organization are areas we need help in.

There is no program like us out there. We really believe this sport and this program changes lives. Rugby unites these boys into a family atmosphere and makes them stronger men. We desire to expand what we have. To see not just West Milford, but the surrounding area look different. All because of the bar this program and the young men in it, have set.

We can't wait to show you some of the new videos and Stories we've been working on.

We would like to get to know you all, Please send an email and introduce yourself to our email below or just fill out your email in the sign up portion to receive emails from us about the season and all the happenings.

Thank you
