RIESLING

Riesling was made for summer. Actually it was made for all year round. And what a versatile grape it is, whether it's a dry, racy style from South Australia or the sweeter more luscious style from the other hemisphere. They are all fantastic in their own right!

Certain names resonate strongly when it comes to Riesling. Jim Barry Wines is one of those names. It was Jim Barry's drive and community spirit that helped shape South Australia's Clare Valley as a benchmark in the world of Riesling and cemented its place as one of Australia's premier wine regions. Now the third generations of Barry's are running the show and what a great job they are doing.

PINOT GRIS AND GRIGIO

What is it...Pinot Gris or Pinot Grigio??? Same, Same but Different. The Italians think they do it better with the Grigio. Lighter, drier, crisper, dare we say a touch more delicate? The French with all that love it's often more generous and giving, juicer and some may say sexier. Here in new world it's whatever we want to call it....but still keeping in the styles of the grapes spiritual home.

MARSANNE ROUSSANNE AND VIOGNIER

These are the white grapes of the Rhone Valley. Tellurian in Heathcote have really captured the beauty of these often forgotten grapes.

Tellurian meaning 'of the earth', vineyard is farmed organic, and Tellurian is in transition for organic certification. Winemaker Tobias Ansted philosophy is to craft each wine with minimal intervention, to capture the natural essence of site and variety in wines of intensity and finesse. Tobias enhanced his love of Rhone Valley whites after spending vintage with Yves Cuilleron in Condrieu, the home of Viognier and during his time there honed his sense of balance between flavour, weight, texture and structure.

SAUVIGNON BLANC

Just to clear it up Sauvignon Blanc is more like SOOOOOVignon rather than SAAAVignon. Tomato, TomAyto I suppose, and who really cares as long as it's cold? This grape has a loud voice so we don't need to do too much talking. With its punchy tropical fruits, lychee and blackcurrant leaf (we are looking at you Marlborough) to the gooseberry aromas, bracing acidity, and flinty-smoke flavours of the Loire. It's one hell'ova a popular wine, worldwide. If you are looking for your classic Marlborough we have one at hand, just ask, or we dare you to try something else.....

CHARDONNAY

ABC (anything but chardonnay) drinkers need a good shake, or just a bloody good chardonnay. Long gone are the days that all chardonnays are big, fat, butter bombs. (Most....) Wine makers have lay off the heavy toasty oak to just a gentile kiss. These days we are seeing the purity of this incredibly versatile grape. The brush of oak adding texture, mouthfeel, complexity, slight nuttiness and spice, with a hint of vanilla, instead of stealing the full flavour profile. Burgundy have been doing it all these years, we just got a bit excited and thought bigger was better in the 80's and 90's. We still have a few Aussie producers making the unapologetic styles and thank god.....sometimes, just sometimes bigger is better.

o R A N G E W I N E

This section is where grammar has never been so important. orange wine is a white wine made like a red wine and the total opposite to a rose wine resulting in an orange wine (confused?). Orange wine is wine from the region of Orange, NSW. This section is the former, orange wine. Wine left for extended time to macerate on skins, producing white wines that have a darker colour than normal and more tannin (normally never seen in white wines). It's a style of wine made cool by hipsters, however it dates back for thousands of years to the Eurasian wine producing country of Georgia.

PINOT NOIR

Pinot Noir is a diva of a grape. So much so it got a movie dedicated to it called Sideways. Pinot is a delicate grape to grow and makes wines that can be, oh so seductive. From the ripe bright juicy styles we can see in the new world bursting with ripe red berries and black sweet cherries to the earthy, savory, forest floor characteristics that we see in many a great Burgundy and Pinots from cooler climates.

The Farr's are one of Australia's leading Pinot Noir families. Gary Farr, who produced what legendary wine connoisseur Len Evans called "Australia's best pinot", keeps an eye over the vineyard while his son Nick Farr has taken the reins. They have both spent time with at Domain Dujac in Burgundy and Gary continues to make pilgrimages, as he has done for the past two decades.

RED BURGUNDY MARCHAND & BURCH

When two men met in a small village in France in the Burgundy wine region, they were instantly connected through their passion for Pinot Noir.

We invite you to enjoy the pursuit of these two friends; Burgundian winemaker and biodynamic ambassador Pascal Marchand (ex-régisseur from Domaine Comte Armand and Domaine De La Vougeraie) and Jeff Burch, vigneron and owner of Howard Park Wines.

This friendship has bloomed into a partnership producing a collection of both fine West Australian and Burgundian wines.

GRENACHE

The Third Friday of the month in September is one of the most important days in the Vinous Calendar... International #grenacheday. This wonderful fruit forward hedonistic grape variety should be celebrated in all its glory. This grape has such an amazingly diverse flavor profile throughout its life, from raspberry and strawberry with a white pepper spice note in its early life, to aging in the wine to produce leathery and tar flavor's. Grenache is also a wonderful friend to many other grapes, Cinsault, Mourvedre, Touriga to name a few. So let's join hands and rejoice for Grenache in all its glory!!

MONT REDON, CHÂTEAUNEUF-DU-PAPE, SOUTHERN RHÔNE

Chateau Mont-Redon is based in the world famous village of Châteauneuf-du-pape, where Grenache is King. The makeup of Châteauneuf can be up to 13 grape varieties and Mont Redon grows them all. The Lirac and Côtes du Rhône are made up of two, three or four grapes while the Châteauneuf-dupape gets all 13. Such a large and high quality palette of grapes allows Mont Redon to create subtle relationships between them, always in the goal of producing wines that are perfectly harmonious and balanced, with great complexity.

SHIRAZ

HEAD Wines was started in 2006 by Alex Head. Alex has long been interested in 'Old-World' wines and their symbiosis with all things culinary; particularly Shiraz from an appellation in France's Northern Rhone Valley called Cote Rotie (roasted slope). A great legend states that in the Middle Ages, a Seigneur of Ampuis called 'Count Maugiron' owned the steeply terraced hills of Cote Rotie. He was also blessed with two beautiful daughters, one a blonde and the other a brunette. The Southern slope of the Cote made a softer, rounded more elegant wine which delighted its drinkers with perfume and femininity. Here, the soil and wines showed colour and character of his blonde daughter. The Northern slope producing an intense wine with dark fruits and tannin that required age to show its true potential. Here, the soil and wine showed colour and character of his brunette daughter. When Count Maugiron finally retired he passed on the two Cotes to his daughters and to this day, they are still referred to as the 'Cote Blonde' and 'Cote Brune'.

CABERNET, CABERNET FRANC AND MERLOT

A grape which has lost sex appeal over the years. Virginia, the head wine maker at Vasse Felix is on a crusade to bring it back and we think she is doing a brilliant job of it. Cabernet Sauvignon, is a small berry with a thick skin and can quit a structured and tannic wine on its own. A dash of merlot, malbec, petit verdot can soften its edges and give it plushness. Cabernet can we a wine of power and generosity, concentration, structure, but with a little touch of elegance too.
