

RUC Collect

RUC collect enables you to simply and easily claim back & refund your off-road RUC travel. No more paperwork, geofences or expensive hardware needed.

RUC
COLLECT

Claim back your off-road Road User Charges

The interface includes a 'Create a new RUC Licence' form with fields for Asset, RUC License No., From Hubodometer, To Hubodometer, and Start Date. Below it is a table of 'Existing RUC Licences' with columns for Asset, RUC License No., Start Date, Licence Start (km), Licence End (km), Previously Claimed, Audit Report, and Claimed Distance. To the right, there is a detailed 'Road user charges application for refund for off-road travel' form with a table for 'Road user charges application for refund for off-road travel' and a signature section.

Previously, undertaking off-road claim backs has been a difficult and time-consuming process for your drivers and admin staff. RUC collect enables you to simply and easily claim back your off-road RUC usage automatically with no set up required. No more paperwork, geofences or expensive hardware needed to get your refund from NZTA.

Features

- Create & manage your RUC Licences, Claims and RUC Claim History all in one place.
- Quickly and easily generate electronic RUCOR claims and claim up to 10 assets per form.
- Automatically calculates your off-road usage.
- Claims History and Audit Reports are easy to access and securely stored online in PDF.
- View all off-road information including rego, start times, locations, timestamps + more.
- Send your claims directly to NZTA (optional).

Benefits

- Get an RUC refund - don't pay for what you don't use.
- Easy and simple to use, does all the processing for you.
- Submit multiple claims on one RUCOR form to save time & money.
- Automatically fills out the NZTA electronic RUCOR form ready for paperless submission - quickly get your refund.
- Access to claims history and audit reports at the click of a button.
- Save heaps of time for your drivers and admin. Let your drivers focus on what they do best - driving!
