

REQUEST FOR 17-SPGP-01 VERIFICATION

**Use this form only if your project currently has 12-SPGP-01 verification. Fill out Parts I, II and III in their entirety. Submit the form and any additional required information to DEQ. Do not send this form or the required submittals to VMRC.**

**Part I – Construction Status (Check ONE)**

Prior to May 31, 2017, my project was under construction or under contract to commence construction. I need verification that my project qualifies for the 17-SPGP-01 permit to continue work beyond May 31, 2018.

**OR**

Prior to May 31, 2017, my project was NOT under construction or under contract. I need verification that my project qualifies for the 17-SPGP-01 permit to **commence** work after May 31, 2017. My expected construction start date is: \_\_\_\_\_.

**Part II - Project Details (Check ONE)**

There **are no changes** to project boundaries, impact quantities or impact locations within my project. Please consider JPA number \_\_\_\_\_, entitled \_\_\_\_\_, and submitted on \_\_\_\_\_ as my application for 17-SPGP-01 verification.

Submit the following information with this form:

- ✓ A revised impact table totaling impacts to all Waters of the U.S. (WOUS) in acreage. Stream channels must also be included in linear feet. The 12-SPGP-01 acreage threshold was not calculated using the acreage of stream impacts. The 17-SPGP-01 acreage threshold includes the acreage of all WOUS, including stream channels. It is unlikely, but possible that the acreage of stream impacts could result in coordination or permit threshold change.
- ✓ Any new information relating to threatened or endangered species and historic resources, including information regarding the Northern Long-eared Bat.
- ✓ Revisions to any outdated information within the JPA, such as mitigation bank credit availability letters, applicant contact information, surveys for threatened or endangered species, etc.

**Part III. Certification Statement (Must be signed by applicant)**

I am hereby applying for coverage under the U.S. Army Corps of Engineers' 17-SPGP-01 permit for the project specified above. I agree to allow the duly authorized representatives of DEQ or the U.S. Army Corps of Engineers to enter upon the premises of the project site at reasonable times to inspect and photograph site conditions, both in reviewing a proposal to issue a permit and after permit issuance to determine compliance with the permit.

In addition, I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of the person or persons who manage the system or those persons directly responsible for gathering the information, the information submitted is to the best of my knowledge and belief true, accurate, and complete. I am aware that there are significant penalties for submitting false information including the possibility of fine and imprisonment for knowing violations.

*Note: In accordance with 9 VAC 25-210-100, when the applicant is a corporation, trust, company, or other legal entity other than an individual, the person signing must have the legal authority to bind the organization.*
