Woodard & Curran Foundation Accepting Grant Applications

The Woodard & Curran Foundation, a not-for-profit organization directing endowment resources to nonprofits with environmental missions focused on creating a healthier world, is accepting applications for 2015 grants.

The Foundation will award up to four grants this year, with a maximum value of $20,000 per grant. The total of the grants awarded will not exceed $40,000. The Foundation will accept applications for projects between $1,000 to $20,000 that promote a clean and sustainable environment in one of the following geographies: CT, FL, GA, IL, MA, ME, MO, MT, NH, NJ, NY, PA, RI, or WY. Additional preference will be given to projects that include a defined educational component and rely on volunteers to accomplish their mission.

The Foundation will accept the first 40 qualified applications. The application process will close when 40 qualified applications have been received, or at midnight June 15, 2015, whichever occurs first. Applications that do not address the evaluation criteria will not be considered.

Eligibility requirements and a link to the online application can be found at http://woodardcurranfoundation.org/grants.htm. Questions should be directed to Kelly Cowan at grants@woodardcurranfoundation.org.
