Woodard & Curran Foundation Accepting Grant Applications

The Woodard & Curran Foundation, a not-for-profit organization directing endowment resources to nonprofits with environmental missions focused on creating a healthier world, is accepting applications for 2013 grants. The Foundation will issue one $5,000 grant and one $2,500 grant.

Eligibility criteria are:

- The organization must be a not-for-profit organization;
- The organization must align with the Foundation's values of environmental causes that incorporate health or educational missions or components to their projects;
- The project description must clearly demonstrate that the Foundation's donation would have measurable impact in achieving the non-profit organization's goals; and
- The project must support the public at large.

Applicants must complete and submit the Grant Application, available on the Foundation's website: www.woodardcurranfoundation.org.

Applications should be submitted on line, to grants@woodardcurranfoundation.org by June 1, 2013. Grant recipients will be notified in the Fall of 2013.
