STATE BUDGET

As we approach the end of the school year, we want to update you on the state budget situation. So far, the state finances are very strong. On April 21, the Legislative Analyst announced that the tax collections to-date have exceeded projections by \$1.5 Billion. Education typically gets 40-50% of the state money so that might be a nice increase to what was proposed in January (which was roughly \$6.6 million of CVUSD for 15/16). We will let you know of any news.

ESEA (Elementary and Secondary Education Act --

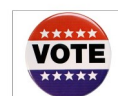

formerly known as No Child Left Behind) has passed out of committee and is now going to the whole Senate. Congress is rewriting the main education law that governs our nation's classrooms. They're essentially deciding what teaching and learning will look like over the next ten years. The stakes could not be higher. The widespread consensus in Washington is that the current law is broken. How Congress will fix it, though, will ultimately be left up to you. Can you join me and write a letter? Click here: <http://bit.ly/1xz2v07?source=email&> It is very easy with a fill in the blank and/or write your own email. It only takes a few minutes and it is very important.

The 3rd Annual HOPE4Kids Festival and Run is an event raising awareness for the needs of foster youth in Ventura County.
