Ensemble.....	Zora Ruen

I am pleased to have vets and new folks involved in this show.

Making choices is terrifying, and I appreciate your patience and forgiveness.

I have about seventeen scripts, and I will need more copies. Please pick whatever I have up at your convenience.

The read through will be after break because of musical auditions, but I expect that everyone will be memorized when we are together at our first rehearsal. I will contact you to let you know exactly when that is.
