In 2013, NDD United released its *Faces of Austerity* report, which chronicled how the Budget Control Act and sequestration hurts programs that help all Americans. NDD United's new report to be released on October 25, *Faces of Austerity 2.0: How Budget Cuts Continue to Make Us Sicker, Poorer, and Less Secure*, tells the stories of those who continue to be hurt most by Washington's failure to protect the programs that keep us healthy, safe, and educated. This briefing will bring together individuals featured in the report from the public health, child care, housing, natural resources, and job training sectors.
