

# Steps

From left to right, match the bat's body number to the number on the line.

Cover the number with the bat's body, so the body is always over the number. This should create a loop as it goes along the path.

1 2 3 2 1 2 3 2 1 2 3  
2 3 2 1 2 3 2 1 2 3 2
