JOURNALISM EXPERIENCE

Associate Editor
Stanford Social Innovation Review
Stanford, CA

September 2017-Present | Edit articles for website and quarterly print magazine covering innovative cross-sector solutions to global problems. Supervise editorial interns and manage social media presence, podcasts, and web production.

Freelance Journalist

Ongoing | Write news and feature articles for Edible DC, Modern Farmer, and Michigan Today.

Staff Writer
The Chronicle of Philanthropy
Washington, DC

October 2014-August 2017 | Reported and wrote articles about nonprofit fundraising, governance, and regulation for website and monthly print magazine. Hosted webinars and contributed to data reporting projects.

Section Editor
The Dallas Morning News
Dallas, TX

June 2013-August 2014 | Wrote and edited content for the weekly community newspaper and its digital version. Managed community engagement and reader-submitted content.

Reporting Fellow
The Dallas Morning News
Dallas, Texas

July 2012-June 2013 | Wrote breaking news and features on government, education, crime, and community as a reporter for the Metro section.

Political Reporting Intern
The News & Observer
Raleigh, NC

May-July 2011 | Reported for the North Carolina Research Triangle area's largest daily newspaper, producing news and feature stories on state and national politics and local business.

Editor-in-Chief
The Michigan Review
Ann Arbor, MI

May 2010-April 2011 | Supervised staff writers and section editors to produce bimonthly campus publication. Advised on long-term projects and spearheaded website redesign

EDUCATION

Bachelor of General Studies
University of Michigan

April 2012 | Interdisciplinary concentration in political science, public policy, English, and communication studies.

FELLOWSHIPS

Food and Agriculture Fellow
National Press Foundation

July 2016 | One of 20 journalists selected to participate in a conference on the future of food and agriculture featuring experts on food labeling, growing methods, GMOs, global trade, and government regulation.
