

SORELLE GALLERY

NEW CANAAN • ALBANY • SARATOGA SPRINGS FINE ART

Artist Submission

Thank you for considering Sorelle Gallery for representation. We are interested in taking submissions from artists who exhibit a high level of skill in their chosen medium and that show evidence of a strong commitment to professional artistic practice. In addition, we require that prospective artists have experience working with technology such as digital photography, Dropbox, and Photoshop (re-sizing and superimposing) that will allow the production of high quality images of their work to be presented to both our gallery and clients. If you feel that you meet the above criteria, we invite you to submit your work for consideration, by emailing the following:

1. Website address if applicable, and/or 8-10 high quality images of your artwork, sent as email attachments in JPG format. Images should be taken of the entire artwork with the framing visible. Detailed information about the artwork should include the title, size (H x W x D), medium, date and retail price of each piece.
2. Artist resume and/or biography that lists your awards, honors, exhibition history, memberships, gallery representation, education, and presence in public or private collections.

Please email your submission information and current contact details to:
info@sorellegallery.com

Due to the considerable number of submissions that we receive on a daily basis, we are only able to respond to those artists whose works are being seriously considered for representation. Slides, photos, portfolios or original artworks sent by mail as submissions will not be reviewed and we will not be responsible for returning the package to you. We do not accept unscheduled requests to review work in the gallery. Currently, we are not accepting submissions for prints or computer-generated artwork.
