LaGrange County Lakes Council  
June 28, 2018  
7:00 p.m.  
LaGrange County Commissioners Room

Present: Steve Scott-Welty-North Twin, Bill Schmidt-Steuben County Lakes Council, Dr. Lyn Bowen-Oliver Lake, Sandy Ferrell-Admin

Steve Scott-Welty called the meeting to order at 7:05 p.m.

Treasurer’s Report – Meredith was not present.

Dr Lyn Bowen was an original Board member. He stated that there used to be more than 13 representatives of the lakes on the Lakes Council. At that time there were hot button issues that kept us busy. There used to be a lakes council rep on all county government Boards.

Is this organization going to fly? We need to decide. To keep it alive, and viable until an issue arises that the lake citizens need us, we can: keep going with a smaller group, such as the executive committee, or keep doing what we do now.

Steve received the water quality test results from Dave Arrington. They will be posted on the website soon.

The newsletter is out. The LaGrange County Lakes Guide has been mailed out, page 2 is our “call for membership” page.

Motion to adjourn by Bill at 7:35.
Next meeting is July 26, 2018, at 7:00 p.m
Respectfully submitted by Sandy Ferrell.
