At a time to be decided, the change of By-laws will reflect an electronic organization, run by a Steering Committee via e-mails, phone calls, etc. to communicate.

It was agreed upon to meet as a membership three times in 2019: all on Saturdays at 8:30 a.m. The dates are April 27, July 27 and October 26. Locations to be determined. Suggested places would be located throughout different areas of the county.

During 2019, the LaGrange County Lakes Council would continue doing water quality tests, sending out membership forms, mailing a newsletter, and promoting the web site.

At the three meetings, we could have a speaker, updated information pertinent to the lakes, question and answer sessions, etc.

Next meeting will be Thursday, October 25, at the County Court House Annex at 7:00 p.m.
