October 8, 2016 Saturday

PERIANESTHESIA TOPICS 2016

*St. Joseph Medical Center Alex George Auditorium
Bldg D
1000 Carondelet Drive, Kansas City Missouri 64114
(Stateline & I 435 next to the Emergency Room
Department)*

CNE: PROVIDED BY MENORAH MEDICAL CENTER

Menorah Medical Center is approved as a provider
of continuing nursing education by the Kansas
State Board of Nursing.

This course offering approved for 5 contact hours
for RN, LPN or LMHT licensure. Kansas State
Provider No. LT0227-0938.

Participants will receive **5.0 Contact Hours** upon
completion of the survey.

Course Objectives

1. Describe the role of the nurse in various nerve block procedures
2. Define various types of regional anesthesia nerve blocks, including benefits, complications, contraindications & safety precautions utilized during nerve block procedure
3. Identify the pre-op & post op path of the total hip and knee patient & different types of hip & knee prostheses
4. Recognize how to mitigate risk in high-risk PeriAnesthesia activities
5. Identify the causes & treatment modalities of morbid obesity & surgical options, risks, benefits & expectations.
6. Describe PACU Nurses behaviors that contribute to team success or put patient safety at risk.
7. Describe leaders behaviors that promote a positive PeriAnesthesia culture & how this culture contributes to patient outcomes & job satisfaction.
8. State how engaging staff RNs to create a blended unit and efficient staffing matrix creates a safe, efficient environment for patient care and nursing staff
9. Describe the "new" concept of a Blended Unit in a PeriAnesthesia environment
