Please complete the following Adoption Application and email it back to adopt@tcrescue.com

Once we receive your completed application, we will review it and get back to you within 3 days. Please have patience. If you haven't heard from us within 48 hours after sending your application, you're welcome to send a follow up email to make sure we received your application.

Remember – our rescued animals could be adopted at any time. Some animals are SO popular that we receive many applications for them. We wish all our rescued animals were that lucky! In the end, each animal can only be placed in a single home, so though we hope you get your first choice, it may not always be possible. Thanks for understanding!
