When you donate stocks and bonds to St. Vincent de Paul Georgia, your gift goes directly to the programs and services that change the lives of people in need. A gift of appreciated securities also provides increased tax benefits to you. The benefits of gifting securities that you have owned for more than one year or have inherited are twofold: you are able to take a tax deduction for the current full market value of the securities and you avoid capital gains tax that is incurred when you sell a security.

For more information about donating stocks, bonds, or mutual funds to St Vincent de Paul Georgia, please contact:

**Nicholas Johnson**

**Chief Advancement Officer, Society of St. Vincent de Paul Georgia**

2050C Chamblee Tucker Road

Atlanta, Georgia 30341
