

GERARD ARTHUS

Elected Trustee of the Brentwood School District Board of Education which today has over a \$350,000,000 budget; Brentwood, New York; Director and member of the Central Islip Businessmen's Association: President of the Brentwood Chamber of Commerce, Brentwood, New York; Just wrote the incorporation papers and Bylaws for 'Local Variables' a local Software Development Group and currently am in the process of completing the application for non-profit status, all without paying one-cent to lawyers.

I am impressed with what has been done with the 'Purple Porch' in so short a time. However I would be extremely interested in working to help insure that the By-laws and Work-flow process of the Organization were as Optimal as-would-be-possible and would help keep the organization stable through the long-term as growth increases. My academic experience is also broad-based and my understanding (research interest also) of Complex-Systems and organizational management hopefully would make a positive contribution to the 'Purple Porch'. I am less interested in telling people what to do and more interested in helping establish policies which will help insure the most effective and optimal operation of the organization in the most transparent manner 'as-is-possible'.

Past Professional Credentials:
