

Cardiac Electrophysiology Society Meeting
Sunday, November 7, 1993, Penta Hotel, Atlanta, Georgia

Theme: Creating New Paradigms for Drug Design and Testing

- 8:00- 8:45 Continental Breakfast
- 8:45 - 9:00 Business Meeting: **Drs. Madison Spach and Albert Waldo**
- 9:00 - 9:45 Fourth Annual Gordon Moe Lecture* "Overview of the Sicilian Gambit" . Dr. Harry A. Fozzard, University of Chicago, Chicago, Illinois
*Sponsored through the generosity of Medtronic, Inc. 9:45 -10:00 Discussion

Session 1 - Dr. Penelope Boyden, Chairperson

- 10:00 - 10:30 "Progress Towards a Molecular Understanding of the Cardiac Action Potential"
Dr. Michael M. Tamkun, Vanderbilt University, Nashville, Tennessee
- 10:30 - 10:45 Discussion
- 10:45- 11:15 Refreshment Break
- 11:15- 11:45 "Designing Drugs for Specific Arrhythmogenic Mechanisms: Bridging the Research Gap between Drug Discovery and Clinics Insight"
Dr. Thomas J. Colatsky, Wyeth-Ayerst Research, Princeton, New Jersey
- 1 1:45 - 12:00 Discussion
- 12:00 - 2:00 Lunch on your own

Session 2 - Dr. Harold C. Strauss, Chairperson

- 2:00 - 2:25 "From Use-dependent Block to Anti-arrhythmic Activity"
Dr. Edward Carmeliet, University of Leuven, Leuven, Belgium
- 2:25 - 2:35 Discussion
- 2:35 - 3:00 "Models of Drug Channel Interaction, Continuous end Purse Chemistry"
Dr. C. Frank Starmer, Duke University, Durham, North Carolina
- 3:00 - 3:10 Discussion
- 3:10 - 3:35 Refreshment Break
- 3:35 - 4:00 "Is There a Paradigm for Development of an Effective Strategy for Unique Antiarrhythmic Drugs?" -
Dr. Peter B. Corr, Washington University, St. Louis, Missouri
- 4:00 - 4:10 Discussion
- 4:10 - 4:35 "Substrates for Arrhythmogenesis"
Dr. **Mauritts A. Alessie**, University of Limburg, Maastricht, The Netherlands
- 4:35 - 4:45 Discussion
- 4:45 - 5:10 "Where Are We Going end Do We Want to Get There"
Dr. **Michael Rosen**, Columbia University, New York, New York
- 5:10 - 5:30 Discussion and Clinical Relevance

5:30- 6:30

Reception - Penta Hotel
