Landmarks as you drive into our office: Publix and Rite Aid are across the street; Uncle Julio's Mexican Restaurant is at the entrance to our complex. **Drive down until you get to the second parking lot; Building B.** We are past the Center's for Women's Surgery entrance, but in the same building.

Once you've parked, **walk into the courtyard entrance** (see photo below); the stairs will be immediately to your right behind the glass door, or if you prefer, the elevator is just a few steps across the courtyard.

Come upstairs to the second floor: if by elevator, simply cross over; if by stairs, just go right down the corridor. **Our offices face the parking lot.** We are about halfway down the corridor; it has our name on the door. If you're having trouble, give us a call at 770-913-0001.
