Professional Experience

PASADENA MEDIA

Production Tech III

5/2014 – Present

I am a technician on television productions which includes tasks such as program management, lighting, training and executing knowledge of various production roles. I lead training classes and perform duties that include directing, camera, lighting, editing and more. Through productions for the City of Pasadena I produce footage and edit packages for the city channel, website and social media.

SPEC SCOUT

Reader

1/2014 – 4/2015

I read feature screenplays and wrote coverage for clients.
