To our valued customers, suppliers and business partners,

We are excited to announce that we are rebranding and changing our company name to **MARCHANT CUSTOM BUILDS & CONTRACTING.**

We have reached great success in residential renovations and will be using that experience and knowledge to continuously grow this business. We are thrilled to share that in the future, we will be expanding from general contracting to the design and construction of custom homes!

The company will continue to offer our residential renovation services (such as basements, kitchens, bathrooms, additions, etc.) with exceptional customer service and high quality workmanship. This includes remaining fully insured and WSIB certified, as well as the addition of our Tarion registration for custom home building.

We are looking forward to beginning this new chapter with the same dedicated OTE team that has contributed so successfully to our growth as a company.
