What to Bring & Wear

Please make sure your member is ready to participate in an active day. **Members should wear comfortable clothes and comfortable shoes.** Please note that members will be active and participate in messy activities, so expensive/special clothing is strongly discouraged.

**Cell phones:** Cell phones are not allowed to be used in the youth programs. Teens may use their phones for music and games during designated times (social media prohibited at all times). BGCE is not responsible for lost or broken phones if you chose to send one with your member. Please see our Bring your Own Device Policy for more information in determining whether to send your member with a cell phone. If you need to get in contact with your member at any time during the program please call the Front Desk.

**BGCE is not responsible for any lost items.**

Internet Use policy

The Boys & Girls Club of El Dorado County Western Slope provides internet access to Club members. While the Club goes to great lengths to protect members from inappropriate content, no system can completely guarantee that such material cannot be accessed. The Club prohibits the use of any data containing pornography, sexually orientated material, or that encourages hatred/violence or any actions that are considered crimes in the United States of America. If any member comes across material that may be considered offensive or makes them feel uncomfortable in any way, they are to leave that site immediately. Members who are found to be in violation of the Boys & Girls Club Internet Acceptable Use Policy may face disciplinary measures including computer usage restrictions, parental notification, suspension from the Club, termination of membership, and/or possible civil and criminal penalties. The Club will attempt to administer these disciplinary measures appropriately with regard to the seriousness of the member’s offense. The rules have been designed as guidelines for proper behavior and in no way can they cover every conceivable incidence of conduct by Club members. Club staff will use their own discretion in determining obvious misbehavior by members.
Medication
If your member needs to take medication during the day please contact the Front Desk for a Medication Distribution Consent Form. This form needs to be completed by the parent/guardian and physician; and medications need to be provided in their original, labeled bottle or box. Medications will be kept in a locked cabinet at the Front Desk. Members may not keep medication (see form for exceptions) in their backpacks or on their person. Please see Medication Form for more information.

Meals & Snacks
BGCE provides all members with a scratch made breakfast, lunch, and afternoon snack using fresh and whole-grain ingredients. Monthly menus will be posted at bgce.org/food.

Special Dietary Needs
BGCE provides meals to all members who attend the program. These meals follow a pre-set menu that includes a meat or meat alternate, grain, fruit, vegetable, and milk. BGCE can support special meal or other accommodation requests based on medical or religious reasons. If your child needs a special meal or other accommodation, please complete the "Medical Statement to Request Special Meals and/or Accommodations" form. This form can be requested at the Front Desk and must be submitted at least 5 business days in advance of when special meals are requested.

Nut Free Policy: BGCE is a nut free facility.

Personal Items
All members are asked not to bring any personal items that are not strictly necessary. This includes but is not limited to:

- Bags
- Toys
- Gaming Devices
- Books
- Stuffed animals
- Blankets

Fundraising Policy
Members are not allowed to sell items for school or other fundraisers at the Club.
Bring Your Own Device Policy

The Boys & Girls Club of El Dorado County Western Slope adopts this policy to maintain a safe and secure environment for members, staff, volunteers, and others.

A personally owned device includes all member-owned existing and emerging technologies and devices that can take photographs; play and record audio or video; input text; upload and download content and/or media; and transmit or receive messages or images. Emerging technologies and devices include but are not limited to cell phones, computers, tablets and storage media (e.g., flash drives), as well as communication tools including social media sites, text messages, chat and websites.

Not all devices are covered within this policy. Unacceptable devices in this policy include, but are not limited to, gaming devices or consoles, laser pointers, modems or routers and televisions. Club purposes include program activities, career development, communication with experts and/or Club peer members, homework, and Club activities. Members are expected to act responsibly and thoughtfully when using technology resources. Members bear the burden of responsibility to ask staff when they aren’t sure of the permissibility of a particular use of technology prior to engaging in the use.

Personally owned devices are permitted for use during Club time for Club purposes and in approved locations only. The Club expressly prohibits the use of personally owned devices in locker rooms, restrooms and other areas where there is an expectation of privacy.

Any inappropriate use of a personally owned device, as determined by Club staff, can lead to disciplinary action including, but not limited to, confiscation of the device, immediate suspension from the Club, termination of membership, or other disciplinary actions determined to be appropriate to the Club’s existing disciplinary policies including, if applicable, referral to local law enforcement.

Inappropriate communication includes, but is not limited to, obscene, profane, lewd, vulgar, rude, inflammatory, threatening, or disrespectful language or images typed, posted or spoken by members; information that could cause damage to an individual or the Club community, or create the danger of disruption of the Club environment; personal attacks, including prejudicial or discriminatory attacks; harassment (persistently acting in a manner that distresses or annoys another person) or stalking others; knowingly or recklessly posting false or defamatory information about a person or organization; and communication that promotes the destruction of property, including the acquisition or creation of weapons or other destructive devices. If a member is told to stop sending communications, that member must cease the activity immediately.

Members may not use any technology to harass, threaten, demean, humiliate, intimidate, embarrass, or annoy their peers or others in their community. This behavior is cyberbullying, which is bullying that takes place using emerging technologies and devices. Examples of cyberbullying include mean text messages or emails; rumors sent by email or posted on social networking sites; and embarrassing pictures, videos, websites or fake profiles. Any cyberbullying that is determined to disrupt the safety and/or well-being of the Club, Club member, Club staff or community is subject to disciplinary action.

Members must be aware of appropriateness of communications when using Club or personally owned devices. Inappropriate communication is prohibited in any public messages, private messages and material posted online by members.

Monitoring and inspection. Boys & Girls Club of El Dorado County Western Slope reserves the right to monitor, inspect, copy and review a personally owned device that is brought to the Club. Parents/Guardians will be notified before such an inspection takes place and may be present, at their choice, during the inspection. Parents/Guardians may refuse to allow such inspections. If so, the member may be barred from bringing personally owned devices to the Club in the future.

Internet access. Personally owned devices used at the Club are not permitted to directly connect to the Internet through a phone network or other content service provider. Personally owned devices must access the Internet via the Club’s content-filtered wireless network. Boys & Girls Club of El Dorado County Western Slope reserves the right to monitor communication and Internet traffic, and to manage, open or close access to specific online websites, portals, networks or other services. Members must follow Club procedures to access the Club’s Internet service.

Loss and damage. Members are responsible for keeping the device with them at all times. Staff are not responsible for the security and condition of the member’s personal device. Furthermore, the Club is not liable for the loss, damage, misuse or theft of any personally owned device brought to the Club.

Parental notification and responsibility. BGCA’s Internet Acceptable Use Policy restricts the access of inappropriate material. However, supervision of usage may not always be possible while members use the Internet. Due to the wide range of material available on the Internet, some material may not fit the particular values of members and their families. Because of this, it is not practical for BGCA to monitor and enforce a wide range of social values in student use of the Internet. If parents do not want members to access information beyond the scope of the Internet Acceptable Use Policy, parents should instruct members not to access such materials.
