

Stephen,

Candidates are identified in many ways, some are nominated by others, some apply personally, others are recruited by individuals or search firms. All of those materials would be in the possession of the Parker firm as part of their work. The University does not have an application from Mr. Harreld and there may not be one.

Likewise, in response to your most recent request for the “statement of accuracy” Bruce Harreld signed, we have no document responsive to that request, and we are unclear if such a document exists. If there is a document, it would be in the possession of the Parker firm.

You may try reaching out directly to Parker Executive Search at the following email address: support@parkersearch.com

Dear [REDACTED],

Can you double-check this — all members of the Search committee would have had to review Harreld’s application. This would presumably form part of the university’s record. Would it not?

Also, if information is retained only by Parker, can you, as a transparency officer, compel this information?

Best,

Stephen,

In response to your public records request, copied below, attached is Bruce Harreld's CV. Any other documents he may have submitted would be in the possession of Parker Executive Search. We do not have any other documents responsive to your request.
