

All design and printing is done with antique handset type and ornaments from the studio collection.  
Thanks for supporting the original craft of letterpress printing!

Pricing includes consultations throughout the process, two rounds of tweaks and alterations and samples of papers and inks appropriate to your project. We send 2-3 digital mockups during the design process from which to choose; these are very close to the final printed piece. We do not offer fully printed proofs.

Additional costs apply for specialty papers, custom diecutting and shipping. There is also an additional plate cost of \$65 per color for any computer-generated imagery (i.e., an existing logo).

Yes! We're happy to do reprints of sleeves we've designed and printed for you. If your design does not change, subtract 30% from the below pricing for reprints.

Larger quantities are available; contact us for details.

**Cd Pocket Sleeves** and **Tab N Slot Sleeves** are custom made using the French Paper of your choice (other commercial or specialty papers may incur additional costs). They can be purchased **blank** or **designed & printed**. For printing, add number of colors cost to the price of the blank sleeves. Blank sleeves are NOT assembled; printed ones are.
